COMPANY BIO

3D Facilities Support is an established, successful, multi award winning company. RAC Contractor of the Year 2021 is amongst our many recent accreditations.

The Hospitality Industry is one of our specialist and long standing sectors. We proudly work past and present for brands such as Hilton, Hyatt, Ramada, Best Western, Marriott, Holiday Inn, together with singular independent hotels of all ratings and sizes nationwide. The Care Home sector is also rapidly becoming a prominent feature of our portfolio. Our wealth of expertise and experience allows us to engage with clients to deliver planned maintenance and support programmes that are bespoke to their needs and business priorities. We offer 24/7 365 engineering services and solutions for all your HVAC, mechanical, electrical and statutory compliance requirements to keep your hotel environment safe and compliant for the benefit of customers and staff alike. We are a scalable and adaptive business with directly employed fully qualified engineers and support staff.

3D has strong ethical and professional values that run throughout our skilled and dedicated staff, a passionate team focussed on strong customer support and service delivery of the highest quality. Our mobilisation and site attendance times are second to none. Whether it be for reactive service call outs, remedial repairs, planned preventative maintenance or turnkey solution projects, our testimonials consistently confirm that you are in good hands with 3D Facilities Support.

We continue: 'Engineering your Environment with a Reputation to Maintain'.

COMPANY BIO

Agility Hospitality is a specialist consultancy focused exclusively on helping hotels improve productivity, strengthen leadership capability and embed practical continuous improvement across their operations.

Founded in 2020, the business was established to address a persistent challenge within the hospitality sector: how to translate strategy into consistent, day-to-day operational improvement without adding complexity or creating dependency on external consultants.. Traditional consultancy can often be too theoretical or difficult to sustain at operational level. Agility Hospitality was designed to be different.

The company supports hotels and hospitality groups through hands on operational diagnostics, process observation, leadership workshops and labour optimisation programmes. A key strength of the approach is building internal capability rather than dependency. Leaders and teams are equipped with practical, repeatable tools that allow them to identify waste, improve workflow and solve problems at source.

Delivery combines on site engagement with structured improvement frameworks, and remote support allowing consistent rollout across departments and multi-site operations.

Agility Hospitality works with independent hotels, hotel groups and industry partners locally and internationally, helping businesses create more resilient, efficient and commercially sustainable operations

PRODUCT RANGE AND SERVICES

Agility Hospitality provides specialist performance improvement services designed specifically for hotels and hospitality groups. Our services include:

Lean Opportunity Assessments

Observation based operational process analysis studies that identify waste and prioritise practical improvement actions.

Labour Utilisation Analysis

Data led review of payroll and productivity to align workforce planning with business demand.

Labour Forecasting and Scheduling Workshops

Practical training focused on hours per unit metrics and demand aligned rota planning.

Continuous Improvement Workshops

Interactive programmes equipping managers and team members with practical continuous improvement tools.

Lean Six Sigma Yellow Belt for Hospitality

The first 2 day (LSSYB) course specifically designed for Hospitality businesses building structured, data driven project capability.

COMPANY BIO

Antonia Claudie is a textile studio creating expressive interior textiles for considered hospitality and residential spaces. The studio works primarily with organic silk and natural fibres, using herbal and low-impact dye processes to develop wallcoverings, acoustic wall art, drapery, and soft furnishings that bring depth, texture, and atmosphere to interiors.

Each piece is developed through a hands-on process where colour, surface, and light are central, resulting in textiles with considered surface, tone, and presence. The work sits between art and function, designed to enhance spatial experience while supporting comfort and acoustic balance.

Sustainability is integral to the studio's vision. Antonia Claudie approaches design through responsible material sourcing, circular thinking, and a commitment to low-impact processes, creating textiles with longevity and environmental consideration at their core.

The studio collaborates closely with interior designers, architects, and clients on bespoke commissions, custom colour development, and site-specific applications.

PRODUCT RANGE AND SERVICES

Antonia Claudie presents hand-dyed silk wallcoverings, textile-based acoustic wall art, velvet drapery, and silk bedding. The work focuses on materiality, colour, and atmosphere for considered hospitality and residential interiors.

Bespoke commissions and custom colour development are available in collaboration with interior designers and architects.

COMPANY BIO

Aqualona Products has been a trusted industry leader for over 50 years, specialising in the manufacture and supply of high-quality bathroom appliances to customers across the UK. With decades of expertise and a strong reputation for reliability, we are proud to partner with some of the nation's most recognised brands.

Our commitment to excellence is reflected in every stage of our operation, from product design and innovation through to manufacturing, quality control, and customer support. All Aqualona products fully comply with relevant industry standards and certifications, including WRAS approval, BSP Standards, and FCS, ensuring performance, safety, and peace of mind for our customers.

Operating from our warehouses in the UK, we offer efficient nationwide distribution and dependable stock availability. In addition, our dedicated showroom provides a space to showcase our latest product innovations, demonstrate functionality and design, and support customers in making informed decisions.

Driven by quality, innovation, and service, Aqualona Products continues to set industry benchmarks while evolving to meet the needs of modern living. Our focus remains on delivering dependable products, building long-term partnerships, and maintaining the high standards that have defined our success for over half a century.

PRODUCT RANGE AND SERVICES

Aqualona Products manufactures and supplies a comprehensive range of high-quality bathroom appliances and accessories for retail and both residential and commercial markets.

Our product portfolio covers everything you need to create a complete bathroom solution, including baths and sinks, showers and mixers, toilet and toilet seats, bathroom fittings, accessories, and complementary products designed to meet modern standards of performance, durability, and design.

As the manufacturer of our products, we have the flexibility to supply virtually anything required for a bathroom project, allowing us to tailor solutions to suit the specific needs of any upcoming development.

COMPANY BIO

At Baxi, we deliver integrated heating and hot water solutions for domestic and commercial buildings. Our comprehensive range includes air source heat pumps, boilers, electric water heating, heat interface units (HIUs), prefabricated plant rooms and skids, controls, and digital applications.

We're leading the transition to zero-carbon heating with complete, future-ready solutions for homes and businesses. With over 1,200 employees across the UK and Ireland, our teams draw on generations of expertise to understand your needs and recommend the right approach for every project.

Proudly manufacturing in the UK since 1866, we continually evolve to meet changing industry demands. As the UK works towards net-zero carbon emissions by 2050, customers rely on us to help transform how buildings are heated through a diverse mix of scalable technologies.

Our broad portfolio of residential and commercial brands allows us to tailor solutions for all building types –from newbuilds and refurbishments to hotels, leisure facilities, education, and healthcare.

We support customers throughout the journey, from early design and specification to installation, commissioning, servicing, and maintenance. This is backed by expert engineers, industry-leading warranties, comprehensive training, and award-winning customer support.

Together, we offer everything you need in a heating and hot water partner

PRODUCT RANGE AND SERVICES

Baxi provides a full range of commercial heating and hot water solutions, including boilers, air source heat pumps, water heaters, HIUs, and prefabricated plant rooms. We also offer commercial thermal stores and buffer vessels to support hybrid and all-electric systems. Services include design support, technical consultation, installation guidance, commissioning, maintenance, and industry training, backed by nationwide expert engineers.

ADAM REUVANY

SALES DIRECTOR

COMPANY BIO

Bloom Stones London supplies natural stone, quartz and porcelain slabs for hospitality, residential and commercial projects across the UK.

We operate strictly as a wholesale partner to professional stone fabricators, supporting designers, architects and procurement teams with accurate specification, reliable supply and practical material guidance.

From our large-format slab warehouse in Dartford, clients can view full sheets across quartz, natural stone and porcelain to properly assess scale, movement and tone before fabrication. This ensures alignment between design intent, budget and final installation.

We specialise in sourcing stone for specific project requirements, working closely with our network of suppliers to secure materials where standard stock may not be suitable. Alongside supply, we act in an advisory capacity, offering informed guidance on performance, suitability and long-term maintenance across multi-use environments.

We welcome early-stage project discussions and slab viewings by appointment.

PRODUCT RANGE AND SERVICES

Bloom Stones London supplies large-format slabs across natural stone including marble, granite, quartzite and travertine, engineered quartz and sintered stone.

Stock is held at our Dartford hub, where goods are received, inspected and distributed. We operate strictly as a wholesale partner to professional fabricators, supporting designers, architects and procurement teams with specification guidance, project-based sourcing and practical advice on performance and suitability across multi-use environments

Bunzl Catering Supplies are the UK's leading supplier of non-food products to the hospitality industry. We are part of Bunzl PLC, an international distribution and services group with operations across the Americas, Europe, Asia-Pacific and the UK & Ireland. Being part of Bunzl provides us with financial stability, a global sourcing capability and purchasing scale. With a stocked range of over 8,500 products, we offer a complete one-stop-shop solution that includes food packaging, tableware, food safety, guest amenities, paper hygiene, janitorial products and cleaning chemicals. Our Vision is to add value to hospitality by leading in sustainability, innovation and great service and our Mission is to lead in non-food sourcing and consolidation for hospitality. Put simply, we can reduce the complexity and risk associated with the sourcing and supply of non-food products and allow businesses to focus on their own core activities. Our customers include market-leading companies in all sectors of the UK hospitality market and we have a proven track record of supplying major brands in the hotel sector, all of whom have access to our specialist hotel proposition. The requirement to provide guests with accommodation, food and a host of other on-site services makes the efficient running of any hotel a challenging task. We understand those challenges and can provide you with the specialist products and services you need, whatever your requirements.

PRODUCT RANGE AND SERVICES

We offer a stocked range of over 8,500 products including food packaging, tableware, food safety, guest amenities, paper hygiene, janitorial and cleaning chemicals. We can source products to meet precise brand standards and also offer a bespoke print service that allows us to add your logo to a wide range of different product types. Our guest amenities range includes toiletries, accessory kits and other products for bathrooms and bedrooms including textiles. Our janitorial and cleaning products also provide a complete range of housekeeping solutions.

C&C Flooring - Delivering Excellence From the Ground Up

At C&C Flooring, we are proud to be a family-owned business with 19 years of trading experience, built on reputation, reliability, and results. What started as a dedicated flooring company has grown into a trusted nationwide partner, delivering high-quality flooring solutions across the U.K.

With a directly employed team of 26 skilled professionals, supported by a trusted network of specialist subcontractors, we combine the personal service of a family business with the capacity and capability of a major contractor. Our outstanding office team ensures every project runs smoothly from enquiry to completion, while our highly trained installers deliver exceptional standards of workmanship on every site.

Whether the requirement is functional, aesthetic, heavy-duty, or specialist, we deliver solutions tailored to each client's environment and budget.

Trusted in Critical Environments

We work extensively across hospitality, sports arenas, care homes, prisons, hospitals, and corporate offices throughout the U.K. We understand the compliance, safety, and time pressures within these sectors – and we deliver accordingly.

Why Choose C&C Flooring?

- 19 years of proven expertise
- Family-owned values with national capability
- Directly employed, fully trained installation teams
- Compliance-ready for high-risk and sensitive environments
- Solutions tailored to suit a wide range of budgets
- Strong focus on sustainability
- A reputation built on quality and trust

At C&C Flooring, we don't just install floors – we build long-term partnerships

PRODUCT RANGE AND SERVICES

We supply and install a comprehensive range of flooring and surface solutions, including:

- Carpets
- Carpet tiles
- Commercial vinyl flooring including Altro and Polyflor
- Pump screeds and specialist subfloor preparation systems
- Hygienic wall cladding
- Stainless steel splashbacks for commercial kitchens
- All types of resin flooring systems

COTTONSAFE®
NATURAL MATTRESS
Handcrafted in Devon

SUPPLIER

REBECCA WILLIS

DIRECTOR

COMPANY BIO

At Cottonsafe, we believe a truly restful sleep should come from natural, honest materials. That's why we created the world's first completely chemical-free natural hotel mattress and topper range.

Each one is lovingly handmade in Devon by skilled craftspeople using beautiful British wool and carefully selected natural materials. We don't use chemical fire retardants, spray adhesives or hidden treatments—just traditional craftsmanship and materials you can trust.

At the heart of every mattress is our unique patented Cottonsafe® cover, which allows our mattresses to meet the strict UK CRIB 5 fire safety standard completely naturally. This means they remain fire safe for life, without the need for chemical treatments.

The result is a mattress that is pure, breathable and luxurious, while being completely free from chemicals, including fire retardants, spray adhesives and persistent organic pollutants (POPs).

We're a British family-run business and we care deeply about how our products are made. Every mattress is crafted with respect for both people and the planet, using responsibly sourced materials and time-honoured skills.

Our aim is simple: to create beautifully comfortable mattresses that are kinder to you, your guests and the environment.

Pure. Natural. Handmade in Devon

PRODUCT RANGE AND SERVICES

We carefully manufacture a range of chemical-free, natural mattresses, all handmade using responsibly sourced materials and traditional craftsmanship. Each mattress is designed to offer pure comfort without the use of fire retardant chemicals, spray adhesives or synthetic treatments.

To suit different preferences, we can create mattresses in a variety of comfort levels, helping you offer the perfect night's sleep for every guest.

Alongside our mattresses, we also supply beautifully made natural mattress toppers, wool and feather pillows and wool duvets, designed to complement our range and bring the same level of comfort, quality and care to the whole sleep experience.

COMPANY BIO

Nice to meet you. We're Crown International - an OS&E dedicated company that has been established more than 10 years ago in the Netherlands. Having had the pleasure of working with hoteliers and hotelchains in more than 60 countries, we understand the demand from a design as well as from a functional perspective.

In our fast-moving time, a hotel room is more and more getting a place for rest and relaxation. That's why hotel items do not only have to be functional but also individual and comfortable. We believe that great design stands the test of time. It is essential that a given product can last and stay relevant for a longer period- in terms of style and the design itself, and in terms of material, craftsmanship, and quality.

Crown wants to make the difference by creating what others don't. Our products are the keen result of creative inhouse design. We want to convince you with our dynamic creations: unique, innovative and decidedly Dutch!

Our high quality PU leather items, elegant bathroom accessories and charismatic interior items are a perfect welcome asset to each room. They can be playfully combined and give our customers the possibility to realize their own ideas to create individual one-off pieces.

PRODUCT RANGE AND SERVICES

Our assortment includes:

- PU-leather items: bins, desk & wardrobe accessories, tissue boxes and welcome trays
- Electrical equipment: ironing centres, kettles & hairdryers
- Bathroom accessories and hardware
- Bespoke solutions

COMPANY BIO

Crown Outdoor help you make the most of your outdoor space with the creation of cost effective, beautiful, comfortable & functional year-round structures.

For well over 25 years, we have been the “go to” partner for our forward thinking HoReCa clients ranging from single site projects at under £2,000 to over £2,000,000 with nationwide roll outs and rebrands sometimes costing much more.

For every outdoor space there is a customised requirement unique to any other and absolutely no other company has the breadth and depth of experience we hold within the Crown team. This is what brings our customers dreams to reality. We do not regurgitate the “norm.” Every client is different and we listen and respond to their individual needs.

From a basic awning or parasol through to total tier one turnkey design and build, we have a solution which will bring each aspect of your outdoor space together. The correct heating and lighting, the most suitable roofing / shading system and furniture / landscaping that blends with the setting and the surrounding nature. We fuse together the character of the owner, the comfort of the clientele and the usage of the area. The objective is to convert every outdoor area entrusted to us into a new unique and welcoming space for everyday use matched with an unmistakable touch of style and innovation. Functionality, aesthetics, and quality are the very essence of our mission to create cost effective yet “without compromise” solutions.

We operate throughout the UK and Ireland (and sometimes beyond) with our own dedicated long-standing teams of strategically placed designers, project managers, engineers and fitting teams all managed from a central office located in the Southeast. Our factories are European based where the expertise is proven, tried, and fully tested. The raw materials usually come from our own factories in Türkiye where the quality is up there with the best and the labour costs are still fair.

This allows us to provide Bentleys for the cost of a BMWs and sometimes a lot less. The Crown journey has been 25 years in the making, and we would relish the opportunity to share our wealth of experience with you.

PRODUCT RANGE AND SERVICES

Our products include fixed and retractable glass roof systems, retractable fabric roof systems, bioclimatic rotating and retractable louvre blade systems, awnings, parasols, glass and glazing systems. Heat, Light, A/V, Comms, flooring, fitting. Landscaping and FF&E plus much more.

Tier One Design and build or working as a tier two or three supplier, we fit into any team and can provide as much or as little as is required.

DELABIE-DVS is Europe's leading manufacturer of water controls and sanitary fittings for commercial environments. A family-owned enterprise with over 30 years' experience, the company provides innovative, hygienic and sustainable solutions for the non-domestic sector, including education, leisure and highly frequented environments.

Its product offering comprises 5 core ranges - commercial water controls, water controls for healthcare, accessibility and hygienic accessories, stainless steel sanitary equipment and specialist controls for professional catering.

The company invests heavily in research, developing products that offer water savings, hygiene, accessibility, safety, durability and reliability. Especially designed for intensive use and manufactured from strictly controlled raw materials, DELABIE-DVS' water controls are continually tested in order to improve their performance. Every product is controlled at each manufacturing stage and is individually tested before delivery to ensure that it meets the demands of public places such as hospitals, nursing and care homes, schools, hotels and leisure centres.

Exporting to more than 70 countries, the company operates through its subsidiaries in the United Kingdom, Benelux, Germany, Poland, Portugal, United Arab Emirates and China. DELABIE-DVS products can be found at the following: O2 Arena, Addenbrooks Hospital, Oxford Brookes University, JD Weatherspoons, LEGOLAND, Odeon, HMP Isis, Burger King, John Lewis and Tesco.

COMPANY BIO

Dyson is a global technology company with engineering, research, development, manufacturing and testing operations in Singapore, the UK, Malaysia, Mexico, China and the Philippines. Having started in a coach house in the UK, Dyson has consistently grown since it was established in 1993. Today, it has a global headquarters in Singapore and a technology campus in the UK. Since 1993, Dyson has invested £1.7bn in its Wiltshire campus and laboratories that house the early-stage research, design and development of future Dyson technology. Dyson remains family-owned and sells products in 85 markets in over 425 Dyson direct retail stores around the world, including a Dyson Virtual Reality Demo Store too.

Dyson has a global team of engineers, scientists and software developers focused on energy storage, high-speed electric digital motors, sensing and vision systems, robotics, machine learning technologies and AI. Since inventing the first cyclonic bagless vacuum cleaner – DC01 – in 1993, Dyson has created problem solving technologies in air purification, robotics, haircare, lighting, hand drying, and audio, with the launch of the Dyson OnTrac™, its first high-fidelity, audio-only headphones.

PRODUCT RANGE AND SERVICES

Since launching the first cyclonic bagless vacuum, the DC01, in 1993, Dyson has continued to create problem-solving technologies across air purification, robotics, haircare, lighting, hand drying and audio, including its first audio-only headphones, Dyson OnTrac™.

- Dyson Airwrap i.d.™: The first connected Beauty device with Bluetooth® technology for easier, optimised styling.
- Dyson Supersonic™: Fast drying with no extreme heat, powered by the Dyson digital motor V9.
- Dyson HPI Hot+Cool™: A purifier with Dyson's core heating, cooling and purification capabilities.

Electrolux Professional is your trusted partner making your work-life easier, more profitable – and truly sustainable every day

Whatever your business is, we will turn it into the most sustainable experiences in Laundry, Food and Beverage and over a lifetime.

With sustainability at heart, we are leading the way in designing full and integrated solutions that deliver high productivity, lowest lifecycle costs, and are the most easy to use, to maintain and to service. Via one unique interface enabling customers to manage all their operations – by using connected and synchronized products and services – we are creating the ultimate business value.

Electrolux Professional is your trusted partner for single and full solutions because the way we shape processes and solutions come from human centric legacy and longstanding expertise in what makes your business more efficient.

We are setting the pace of our industry with innovation and energy efficiency, with a focus on specific sustainability goals: reducing CO2 emissions by 50%, and becoming climate neutral in our industrial operations by 2030. All this, thanks to 4,000 dedicated employees and a clear culture, driven by four guiding principles:

- Be customer obsessed
- Build trust
- Be bold
- Act sustainably

In 2025, we are proud to have been awarded the prestigious Gold Sustainability Rating from EcoVadis, placing us among the top 5% of companies assessed globally.

PRODUCT RANGE AND SERVICES

First impressions of a hotel, count. The quality of laundry and linen at a guest's hotel can affect the overall impression of the business. Electrolux Professional has an all-round solution to provide hotels with a cost-effective, eco-friendly way to offer laundry services, from washing delicate garments and cleaning staff uniforms, to processing super king-size duvets.

Our Line 6000 range features smart technologies to cater to any size of hotel operation from end to end - take control and ensure perfect hygiene and cleanliness, as well as reduced costs with an in-house laundry from Electrolux Professional.

THE WORLD'S LEADING HOTEL CRIB

With over 90% market share in North America and partnerships with leading global hotel groups, Foundations is the name hospitality trusts for child sleep solutions. Whether it's one crib or a full portfolio, we help hotels deliver on their brand promise to every guest, big or small.

Available in the widest range of sizes, colors, and finishes, every Foundations hotel crib meets or exceeds both federal and local standards and is third-party tested so hotels can specify with confidence.

Families trust hotels to provide a safe, comfortable place for their child to sleep. But outdated or consumer-grade cribs can put that trust – and your hotel brand – at risk. Foundations cribs are built specifically for hospitality – fully compliant, easy to clean and store, and designed to meet the real-world demands of modern hotels.

Our decades-long track record of innovation has resulted in more than two dozen patents across children's products. We lead the industry by working closely with and listening to hoteliers to consistently deliver high-value, thoughtfully designed products that set the standard for safety, comfort, and durability.

At Foundations we don't just make cribs. We make:

- A safer environment for guests
- A better experience for families
- A smarter investment for hotels

At Foundations, our commitment to care drives us every day to create solutions that help all children, families, and businesses thrive.

COMPANY BIO

Founded in 1973, award winning Franklite is one of the leading innovators in high-quality decorative lighting. Working with clients, architects, lighting consultants, interior designers, M & E consultants and distributors for the residential, hospitality and commercial markets throughout the UK, Europe, Middle and Far East.

Franklite has a story to tell. They are far more than just a lighting manufacturer; they are creators, visionaries and craftspeople who continue to pride themselves on their manufacturing methods and excellent service.

Having successfully supplied their exceptional luminaires for projects which include the Hilton Hotels & Resorts, Mercure Hotels and the Gailes Hotel just to name a few, Franklite offer products that balance optimal performance with beautiful aesthetics.

Franklite remains at the forefront of the lighting industry with incredible in-house technology which includes the Rigo Near-Field Goniophotometer and highly-skilled design and technical teams who continue to develop signature products. Our LED plates and most recently award winning tuneable light engines are manufactured in-house and compatible with many of our luminaires.

PRODUCT RANGE AND SERVICES

We take pride in illuminating hospitality spaces with lighting that balances artistry and purpose. Our decorative and functional designs enhance every corner of a hotel - from the welcoming warmth of the reception and the tranquil elegance of guest rooms to the vibrant ambience of restaurants and bars.

Each piece is thoughtfully crafted to harmonise with its surroundings, offering a curated blend of atmosphere, comfort and impeccable style that elevates the guest experience at every touchpoint.

COMPANY BIO

Established in 1985 by Kevin Potter, Guildprime has built a strong reputation as a leading provider of high-end refurbishment & fit-out services across the UK. With 40 years' experience and a commitment to craftsmanship, the company is known for delivering exceptional results in the hospitality, residential, commercial, retail, and sports sectors.

Operating from its base in Essex, Guildprime combines traditional values with modern methods, offering a fully integrated service - from initial consultation and design support to bespoke manufacture, installation and aftercare. The in-house team includes skilled project managers, designers, joiners and specialist tradespeople who work collaboratively to ensure every project meets the highest standards of quality, precision and finish.

Our in-house workshop offers first-rate wood joinery and metal fabrication services, combining traditional craftsmanship with modern techniques to deliver bespoke solutions that are both functional and beautiful.

From large comprehensive refurbishments to smaller refresh projects, Guildprime brings a wealth of expertise to every brief. The company's ability to solve challenges, maintain design integrity and deliver with speed and accuracy has made it a trusted partner for leading brands and discerning clients alike.

With a proud heritage, a growing portfolio, and a future-focused team, Guildprime continues to set the standard in high-end refurbishment and specialist fit-out solutions across the UK.

TINA GLOGGENGIESER

FOUNDER

COMPANY BIO

We are an independent British tea company with a nordic twist and proud to be the tea partners for Pride of Britain hotels.

Hoogly is a lifestyle, that all year-round feeling of warmth, cosiness and wellbeing, its essence inside every cup that is served. Hoogly Blends are all healthy indulgences, natural vegan, gluten free and no added sugar or preservatives. All our tea pyramids are 100% biodegradable and plastic free. We are proud to be one of the first tea companies to offer compostable packaging for the single serve envelopes too. All our teas are hand blended in the South of England. We use whole leaf premium quality tea, all ethically sourced and fairly traded.

Since 2015, Hoogly has been bringing a bit of hygge into the UK Tea Industry through our bold and brilliant flavour combinations. Tina Gloggengieser from Aarhus in Denmark whose background is cheffing, set out to create unique tea blends focusing on simple, indulgent flavours that conjure images of all your favourite treats combined with the Danish lifestyle of cosy, warmth and wellbeing.

Sustainable Ethos

Hoogly is a pioneer in the premium & sustainability tea industry. We are using revolutionary packaging technology that can produce 100% compostable enveloped tea bags.

We aim to be carbon negative across our tea range in the next few years. All of our envelopes are packed using solar energy

PRODUCT RANGE AND SERVICES

We have over 50 tea blends from the traditional range to unique indulgent flavours, all vegan, gluten free, natural with no preservatives or sugar.

We have teas packed in fully biodegradable teabags or loose leaf and offer a great competitive tea package including tea ware and tea training for the team.

JORREN TEERTSTRA

FOUNDER / MANAGING DIRECTOR

COMPANY BIO

Light has the power to transform a space. At Humble, we understand this better than anyone, creating lighting that bridges the gap between functionality and design. Our wireless design lights bring depth and atmosphere to any setting; from luxurious hotel bars and elegantly set dining tables to cruise ship lounges. Aesthetics and ease of use come together in objects that embody the essence of hospitality: warmth, sophistication, and unforgettable experiences.

Designed with hospitality in mind, Humble lights are the perfect alternative to candlelight.

The beginnings of Humble go back to 2018, when founder Jorren Teertstra teamed up with his design friends at APE Amsterdam. With a shared love of design and a dislike of messy wires powering their electronic devices, they set out to create a modern alternative to the ultimate mood lighting: candles.

Approachable design and simple functionality inspired the name 'Humble' – a reflection of both the brand's modest beginnings and the product's inviting character.. What started as a single design has grown into a full range of wireless lights, now found in restaurants, hotels, cruise ships, and homes around the world.

What has never changed is the philosophy behind every design. Humble lights are built to last with high quality materials, replaceable spare parts and long life batteries, making them both sustainable and perfectly suited to the demands of hospitality

PRODUCT RANGE AND SERVICES

Range consists of Humble One, Two, Firefly, Air and Bug.

The different lamps are available in a variety of colour ways as well as different shade varieties such as smoked, frosted and solid.

Inspired provides market-leading commercial energy and sustainability advisory services to help businesses to reduce costs, cut carbon and meet rising sustainability challenges.

Every business faces a unique combination of pressures and over 3,500 organisations have partnered with Inspired to find the right solutions for their needs. We focus on helping our clients control operating costs, reduce energy consumption and carbon emissions and stay compliant with the evolving regulatory landscape – challenges we call the “4Cs” – Cost, Consumption, Carbon and Compliance.

Inspired's nationwide team of 700+ energy and sustainability experts form the backbone of our organisation, providing dedicated support that our clients frequently describe as responsive, knowledgeable and integral to achieving their operational and environmental goals.

We have held our position in the Cornwall Insight ranking as the leading energy and sustainability advisor since 2018, a recognition of our experience and the trust our clients place in us.

We value our role in meeting the UK's climate targets and will be net zero before 2050, using the lessons learned on our own decarbonisation journey to lead others towards a more resilient, low carbon future.

Today's partner for a better tomorrow.

iSpy Group Ltd is a UK-based provider of commercial coffee, water and vending solutions, supporting hotels and hospitality venues with reliable, fully managed refreshment services. With over 20 years' industry experience, we understand the importance of uptime, consistency and guest satisfaction.

We supply, install and maintain a wide range of equipment including traditional espresso machines, high-capacity bean-to-cup systems, guest-facing coffee stations, hot and chilled water dispensers, and indoor and outdoor vending solutions. Our managed service covers installation, maintenance, consumables and ongoing account management, ensuring minimal disruption to daily operations.

iSpy Group operates its own in-house engineering team and customer support department, enabling fast response times and dependable nationwide coverage. We also offer flexible in-house leasing, allowing sites to upgrade equipment without significant capital expenditure.

Working with hotels, leisure venues and multi-site operators across the UK, we focus on operational reliability and long-term partnerships rather than one-off supply. We also provide our own freshly roasted Grizzly Bear Coffee, helping venues deliver a consistent, high-quality experience for guests and staff.

Our aim is simple: to make hospitality refreshment services easy to operate, dependable to maintain and consistent for every guest.

LAMA Furnish

Your Partner in Furniture Manufacturing.

With more than 30 years of experience, LAMA Furnish is a family-owned company passionate about creating high-quality cabinet furniture and interior solutions. We manufacture tailor-made cabinet furniture and interior elements for projects across Europe. Whether for commercial spaces, retail environments, or hospitality interiors, our furniture is designed to blend seamlessly into its surroundings.

Our production facility in Latvia (just one hour from Riga Airport) brings together 100 dedicated professionals, modern equipment, and a strong belief in long-term partnerships.

Certified with FSC® and ISO 50001, we combine craftsmanship with responsibility – towards our clients, our people, and the environment.

More information: www.lamafurnish.com

PRODUCT RANGE AND SERVICES

- Wardrobes & bedroom collections
- Chests of drawers, sideboards & TV units
- Kitchens & bathroom furniture
- Living space pieces: bed frames, coffee tables, wine shelves, storage units

Every project begins with an idea. From there, we take care of everything – design support, prototyping, technical drawings, production, delivery.

With a production lead time of 4–8 weeks, we ensure smooth processes and reliable deliveries. Furniture can be shipped flat-pack (KD) or fully assembled, depending on your needs.

We believe every detail matters. That's why we offer a wide choice of materials and finish to bring your vision to life. LAMA Furnish works with melamine, MDF (painted or veneered), plywood, acrylic, solid wood (pine, birch, oak, ash), HPL, offering different options for finish: painting, varnishing, staining, oiling.

At LAMA Furnish, we don't just produce furniture – we create solutions that add value to your projects and delight your customers. Our flexible approach and open communication make us a trusted partner for long-term cooperation.

COMPANY BIO

Greetings from Mellcrest, the Home of Hospitality Supplies!

As one of the U.K.'s leading companies for hotel supplies, Mellcrest takes immense pride in providing superior products and exceptional service to our extensive range of customers.

So WHY CHOOSE MELLCREST to be your supplier?

- > With a wide range of over 2,500 products, we are a one-stop-shop for your hospitality supplies.
- > We hold substantial stocks and support over 3,000 hospitality businesses in the UK.
- > We are proud to be a nominated supplier to many Groups.
- > We import the majority of our products direct from the factories, so that we can offer the most cost effective options to our customers.
- > Mellcrest has been a family run business since its incorporation in 1988.
- > We offer fast delivery and exceptional customer service.
- > We focus on sustainable and environmentally friendly products.
- > We are continually sourcing and innovating new products.
- > We offer a bespoke / own logo option on a variety of items.
- > Mellcrest works in conjunction with many procurement systems such as Procure Wizard, Birchstreet, Adecco, Coupa and B-Online.
- > We are ISO 9001 and 14001 accredited.
- > Mellcrest welcomes all feedback and are Feefo registered.

There is no better time to choose Mellcrest - we are excited for the opportunity to serve you.

Mellcrest - large enough to deliver, small enough to care

PRODUCT RANGE AND SERVICES

At Mellcrest we are proud to be a one stop shop for the hospitality industry: providing an extensive range of products and exceptional service.

Amongst our 'Best Selling' products are toilet paper and tissues, toiletries and amenities, slippers, biscuits, milk, tea and coffee, irons, hairdryers, bins and kettles.

Sustainability is also at the heart of our company culture and vision. We are dedicated to creating a more sustainable future through innovative, eco-friendly products and responsible practices. We offer an extensive range of sustainable products and biodegradable packaging that reflect our dedication to preserving natural resources.

Metamark is, The Materials Company. There's more to us than meets the eye. We are not just a materials distributor, we manufacture too. We're praised for our exceptional service and our products outperform others in real-world applications, yet they often cost less. Established in 1992, Metamark is everywhere and our products are now specified daily by sign and digital professionals around the world.

We are here to introduce MiA - Metamark Interior Architectural film. This can completely change your refurbishment budget and timescales without sacrificing durability or design. We are already working with large Hospitality Brands such as Hilton, Village and Radisson Blu as well as companies such as JD Sports and Primark.

MiA can cut the time and cost down by up to 90%. Our class-leading manufacturing, selection and conversion processes guarantee the highest standards of quality, technical compatibility and consistency in the industry. We have approved installers all of the UK and the globe, so we are able to service any and all projects as they arise, from a domestic kitchen to a 400 room hotel.

At Metamark we build relationships and we're prepared to listen, so we can ensure our products and services better reflect our customer's needs. Our technical leadership is delivered as standard with every product we sell - so is our service and support philosophy. Outside the UK, Metamark has shown significant growth in recent years, winning advocates. Metamark's global reach now spans more than 50 countries and has built up a network of highly qualified partners who supply and support Metamark products

COMPANY BIO

As a vertically integrated art company specializing in fine art, custom wallcoverings, mirrors and alternative wall décor, PI Fine Art manages every stage of the art development and supply chain process, from art consulting and publishing to manufacturing.

We collaborate closely with clients to transform concepts into bespoke art programs tailored to each project's vision, brand identity and budget.

Working directly with artists, we hold publishing rights to thousands of images, enabling a high degree of innovation and customization. Our in-house manufacturing capabilities allow us to offer competitive pricing, efficient lead times and consistent quality across every project.

For more than 50 years, our work has brought art to life in hotels, commercial environments, healthcare facilities and residential spaces. Our art department, a diverse team of in-house artists, designers and art directors, develops original art packages that respond to the character of each space.

We partner with a wide range of brands to produce imagery aligned with their visual standards and storytelling. With a catalogue of more than 45,000 published images, we offer an extensive selection of fully customizable artwork designed to support projects of every scale.

DAVID BANNISTER

SALES AND MARKETING MANAGER

 COMPANY BIO

Founded in 1986 by father and son Brian and Alan O'Rourke, Ruark began with a passion for music that continues to drive everything we create today. From our workshop in Rayleigh, Essex, to our premises in Southend-on-Sea, we remain a family-owned British company making music sound the way it was meant to be heard.

We combine thoughtful design with exceptional sound and uncompromising craftsmanship, choosing each material to serve both form and function. From the real wood veneers to the carefully selected fabrics, every detail matters. The high quality of our products means you get to treasure them for years to come.

What started with our first loudspeaker has evolved into a complete range of products from radios, all-in-one music systems, active speakers and our flagship R810 Radiogram. Four decades later, we're still creating award winning small audio products that fit perfectly into any space.

Our products can be found in the guest rooms of some of the finest hotels and they are chosen for their class leading performance, simple operation and useful features. For our most popular hospitality products, the R1S and R2 MK4 we offer 'Hotel Software' which further enhances their appeal with features such as volume limitation.

PRODUCT RANGE AND SERVICES

We produce a range of small audio products for use in guest rooms. From radios, all-in-one music systems and Bluetooth speakers to our flagship R810 Radiogram.

COMPANY BIO

Samsung Electronics UK is a premier subsidiary of Samsung Electronics Co., Ltd., a global leader in technology and electronics headquartered in Seoul, South Korea. Established to cater to the UK market, Samsung Electronics UK plays a pivotal role in bringing cutting-edge innovations and exceptional services to consumers and businesses across the United Kingdom.

Since its inception, Samsung Electronics UK has been at the forefront of technological advancement and consumer satisfaction, continually introducing products that revolutionize the way people live and work. The company's diverse portfolio spans mobile devices, home entertainment, home appliances, and digital solutions. Samsung smartphones, notably the Galaxy series, are highly regarded for their superior design and functionality. In home entertainment, Samsung leads with its pioneering QLED and 8K televisions, delivering unparalleled visual experiences. The company also excels in providing state-of-the-art home appliances, including innovative refrigerators, washing machines, and smart home solutions that integrate seamlessly with the modern lifestyle.

Samsung Electronics UK is not only dedicated to product excellence but also to sustainability and community engagement. The company actively pursues eco-friendly initiatives, striving to minimize its environmental footprint through energy-efficient products and sustainable practices. Additionally, Samsung is deeply involved in community and educational projects, fostering digital literacy and supporting local charities.

Employing a dynamic team of professionals, Samsung Electronics UK is headquartered in Chertsey, Surrey, strategically positioned to understand and respond to the unique needs of the UK market. The company's commitment to customer-centric innovation and its continuous drive to exceed expectations have solidified its reputation as a trusted and influential player in the technology sector.

In a rapidly evolving digital landscape, Samsung Electronics UK remains steadfast in its mission to inspire the world and shape the future through transformative ideas and ground-breaking technology. With a steadfast focus on enhancing the lives of its customers, Samsung continues to push the boundaries of what is possible.

Tevalis – Enterprise Hotel Technology Partner

Since 2005, Tevalis has been delivering enterprise-grade hospitality technology to hotel groups and multi-site operators across the UK and internationally. Our scalable, fully integrated ecosystem is purpose-built for complex hotel environments, supporting operators who require resilience, flexibility and centralised control across multiple revenue streams.

Our platform includes Enterprise EPOS, mobile POS, self-service kiosks, kitchen management systems, cloud-based reporting and estate management tools, alongside advanced stock, margin and integration capabilities. Designed specifically for hotels, Tevalis streamlines operations across restaurants, bars, room service, spa and leisure, retail outlets, meeting and events, and in-room ordering – all within one connected environment.

Tevalis is trusted by leading hotel brands including Kew Green Hotels (44 sites), Village Hotels (34 sites), Ibiza Rocks Hotel and Neilson Hotels (8 resorts across Europe), as well as a growing portfolio of international operators. Today, we support over 10,000 live systems across 2,500+ customers globally, backed by our 24/7/365 enterprise helpdesk and international operational footprint across Europe, APAC and the Middle East.

Our open API architecture enables seamless integration with leading Property Management Systems including Mews and Oracle OPERA (OHIP), alongside other global PMS platforms. This ensures real-time room posting, unified billing, centralised reporting and a frictionless guest journey across departments and sites.

For international hotel groups, compliance and scalability are critical. Tevalis provides fiscal compliance capability in over 44 countries, allowing operators to expand into new territories with confidence while maintaining regulatory alignment and central governance.

With more than two decades of hospitality expertise, deep PMS integration capability and proven delivery across large estates, Tevalis is more than a POS provider – we are a long-term enterprise technology partner for ambitious hotel brands operating at scale.

PRODUCT RANGE AND SERVICES

Tevalis creates digital strategies for each client, devising a fully connected EPOS system tailored to the needs of your business. Our tech includes:

- EPOS
- mPOS
- Self-Service Kiosks
- Kitchen Management Systems
- Business Analytics
- Centralised Management
- Stock Management
- CRM
- Insights

Tevalis also offers one of the broadest partner networks in the industry, with open APIs and over 150 integration partners.

COMPANY BIO

The Card Network provides high quality, personalised Hotel Key Cards and guest access products in a range of sustainable materials.

From Engraved Bamboo/Wood RFID Key cards to premium RFID bracelets in Natural Stone or Coconut Shell, we support hotels in making tangible sustainable choices across key touchpoints in the guest journey.

With over 20 years' experience, we were one of the first in our industry to research and develop a sustainable card range to give alternatives to traditional PVC.

We work closely with a number of hotel chains to bring economies of scale by grouping purchasing requirements together, including holding stock for individual 'call off' by each site.

PRODUCT RANGE AND SERVICES

We provide Key Cards, RFID wristbands and guest experience products for the Hotel Industry in Wood, Bamboo and ECO PVC.

- RFID Key Cards custom printed to your design and available in a range of sustainable materials including Wood, Bamboo & Recycled/Bio PVC. Range of chips compatible with your door locking system
- Natural Stone, Wood, Coconut or Silicone RFID Wristbands - perfect for luxury hotels, wellness retreats and spas
- Wood & ECO PVC Cloakroom Tags, ideal for restaurants and events

For over 40 years, Tringhams has been elevating some of the world's most beautiful interiors. Founded in London in 1985, we are a proud British family business which has built a reputation for handcrafted luxury lampshades.

Tringhams offers dependable craftsmanship paired with genuine, friendly collaboration. Each lampshade is hand-made with precision by a close-knit team of artisans whose skills have been developed for over 40 years. The result is lighting that looks exquisite and performs beautifully in demanding hospitality environments.

Tringhams understands the subtleties that matter to hotels, consistency across rooms, durability, ease of maintenance, and timeless design that complements both heritage and contemporary spaces. Whether working with boutique properties or large prestigious hotels, the team takes pride in translating creative concepts into elegant, functional lighting that guests notice and remember.

Unpretentious, detail-focused, and passionate about quality, Tringhams may be a hidden secret, but one that transforms rooms the moment the light is switched on.

COMPANY BIO

Verdant by Copeland is an advanced energy management solution, trusted by over 9,000 hotels, multifamily buildings, and commercial properties worldwide. Designed to reduce energy expenses and support sustainability goals, Verdant helps UK hoteliers cut costs while ensuring guest comfort.

Using occupancy-sensing technology, Verdant optimizes HVAC runtimes—reducing them by up to 45%. Its proprietary radio frequency system works without Wi-Fi, avoiding costly retrofits like wall-breaking or rewiring, and ensuring quick ROI (12-24 months).

As the UK enforces stricter energy regulations, Verdant aligns with carbon reduction priorities. It supports compliance and reporting efforts, helping hotels meet targets efficiently.

Verdant also contributes to certifications like BREEAM and LEED. These green building standards improve operational efficiency, attract eco-conscious guests, and reduce utility bills.

Smart thermostats with occupancy detection deliver real-time comfort and energy savings. Backed by data insights, Verdant simplifies sustainability reporting and boosts performance.

PRODUCT RANGE AND SERVICES

Verdant offers a complete suite of energy efficiency solutions that integrate seamlessly with existing property systems:

Smart Thermostats: Occupancy-based thermostats that automatically adjust room temperature to optimize comfort. Our system intelligently reduces HVAC runtime by up to 45% while rooms are unoccupied, minimizing costs, and environmental impact.

Energy Management Software: A cloud-based platform offering real-time monitoring, analytics, and remote control of thermostats across properties.

Integration & Automation: Compatible with most HVAC systems and major Property Management Systems (PMS) for streamlined operations.

Support & Training: End-to-end project support

PRODUCT CATEGORY

- Energy management solutions, smart thermostats (wired & wireless) with integrated occupancy sensors, cloud-based control & analytics software

COMPANY BIO

With over 40 years of experience in the tile industry, Waxman Ceramics is a family-run company based in West Yorkshire. We are the largest supplier of mosaics and one of the leading providers of wall and floor tiles to the specification market.

We have an extensive portfolio of ceramic and porcelain tiles, providing solutions suitable for every project and sector, no matter how big or small your requirements.

At Waxman Ceramics we have a great passion for design and are always looking to discover new and creative surfaces or innovative technologies, thanks to our long-standing relationships with some of the world's most reputable manufacturers.

Understanding the needs of each project is important to us and our dedicated specification team work across the UK to provide technical and specialist support to assist architects and designers from that initial concept right through to projection completion.

PRODUCT RANGE AND SERVICES

Waxman Architectural Ceramics are UK stockists and suppliers to a variety of Commercial projects across the UK, including Hospitality, Retail, Spa and Leisure areas. We specialise in Decorative Wall & Floor tiles for Front of House areas, but also supply Mosaics and Anti-Slip tiles for wet environments, such as Bar Aprons, W.C's and Kitchens and swimming pools.

We also have a bespoke vitrified Mosaic collection for Interior & Exterior use that we supply exclusively that can be tailored to create any design floor, including laying patterns and Victorian designs for Heritage buildings.

We also provide the required technical & environmental information such as PTV's, LRV's and EPD's.

COMPANY BIO

WeServe Water – Service First. Designed Local Water.

WeServe Water delivers premium filtered water solutions that combine sustainability, design, and operational reliability. Our mission is to replace transported bottled water with locally filtered alternatives that reduce carbon impact while enhancing guest experience.

As the official UK distributor of ESPOIR, we provide high-quality still, sparkling, and hot water systems tailored for hospitality, corporate environments, and educational institutions. ESPOIR systems are engineered in Europe and designed for performance, aesthetics, and long-term efficiency.

Operating exclusively on a rental and service model, we retain full responsibility for installation, maintenance, filter replacement, sanitisation, and technical support. This ensures consistent quality, accountability, and minimal operational disruption for our partners.

Our clients include leading restaurant groups, hotels, and institutions who value sustainability without compromising service standards.

At WeServe Water, we believe water is not just a utility – it is an experience and a responsibility.

PRODUCT RANGE AND SERVICES

****Filtered Drinking Water Solutions****

Back-of-house systems for staff and room bottling, plus elegant still and sparkling solutions for restaurant service. Commercial hot water units for kitchens, bars and coffee stations. Countertop, freestanding and remote-chiller systems, including multi-floor LINK installations for larger venues.

****Water Treatment Solutions****

Ion-exchange water softening for scale removal and equipment protection, alongside reverse osmosis systems delivering high-purity water for specialist and high-performance environments.

COMPANY BIO

Wifirst designs, installs and fully manages WiFi and network infrastructure for hotels and hospitality groups.

In simple terms, we take full responsibility for the hotel network, from design and installation through to day-to-day monitoring, security and support. This means hotel teams are not left firefighting WiFi issues, dealing with multiple suppliers, or worrying about what happens when something breaks. In practice, this helps reduce guest complaints, protect online reviews and support repeat bookings.

For technical teams, this is delivered through a structured, enterprise-grade managed network model, with central monitoring, proactive support and long-term lifecycle management built in.

For owners and finance teams, the model provides predictable monthly costs, reduced capital expenditure and a clear return on investment through improved guest satisfaction, operational efficiency and lower internal IT overhead.

Wifirst works with single hotels and large multi-site estates where reliable connectivity is essential to guest experience, staff operations and brand reputation.

PRODUCT RANGE AND SERVICES

Hotel WiFi and Connectivity

- Fully managed guest and staff WiFi
- Fibre and wide-area connectivity between sites
- 24/7 monitoring, support and network security
