SUPPLIER DELEGATES

Introduction

The **Property Refurbishment & FM Forum** puts suppliers directly in front of high-profile, senior decision makers from leading companies where building & refurbishment projects and supply chain requirements can be discussed.

Why Attend?

Suppliers & contractors/installers can gain quality time meeting directly with senior decision makers and specifiers who have current and on-going projects for major building/refurbishment and on-going property management requirements.

The forum is made up of one-to-one appointments, networking sessions, lunches and a dinner function where strong business relationships can be built and supply requirements discussed in detail.

The **Property Refurbishment & FM Forum** is a key meeting hub for executives to meet with suppliers saving both parties time and costs. Delegates travel to one destination to meet and suppliers have a captive audience of potential clients to sell to.

This is a unique and direct format that gives suppliers a ready-made audience of potential clients to work with in a short space of time, providing the optimum opportunity for high levels of business to be won.

We have successfully organised high level business forums for over 20 years and 90% of all attendees say it is by far the most effective & time efficient way to meet business partners.
